REMARKS

A meeting was held between the Examiner and Applicant's representative to clarify the final rejection mailed on October 29, 2008. Specifically, the Examiner's interpretation of the term "locating feature" and its prevention of relative rotation were discussed. The Examiner's interpretation of the *Smith* reference was also discussed, and it was determined that page 10 of the final rejection included mislabeled reference numbers. An agreement with respect to the claims was not reached.

Respectfully submitted,

CARLSON, GASKEY & OLDS
